PRESS ANNOUNCEMENT

Tempo: youthful, contemporary fabrics with a retro vibe

Bold colours and oversized motifs define the latest Harlequin collection, Tempo. As its name suggests, this upbeat, fashionable range of printed and woven fabrics pays homage to the designs of the '50s, '60s and '70s, which have been reinterpreted for use in the 21st Century interior.

Suitable for drapes, blinds and accessories, Tempo encompasses a vibrant selection of five ultra-modern prints and three embroideries. Ranging from sophisticated, graphic silhouettes to funky, stylized florals and sleek stripes, the laid-back fabrics, with their fresh appeal and clean lines, have a casual, Scandinavian feel about them.

Tempo's exuberant palette of vivid colours emphasizes the spectacular scale and clarity of the designs. It incorporates scorching reds, oranges and pinks; moody charcoals, indigos and purples; flashes of pomegranate, aqua and lime; and sultry neutral tones.

The collection is complemented by Tempo Plains, a book of contemporary felt effect upholstery fabrics presented in a comprehensive selection of 21 very 'now' colours, especially suited to modular furniture.

Note to editors: All Harlequin wallpapers are responsibly manufactured in the UK with respect for the environment: they are printed using ethically sourced raw materials on paper from sustainable European forests.
